Industrial Cellular Gateway LTE Data Plans

ProSoft Technology®

LTE data plans from ProSoft Technology make it easier to get up and running with your ICX35-HWC Industrial Cellular Gateway. Our plans are available for service in the United States on either Verizon™ or AT&T™ networks. Plans are available in either 2GB, 4GB, or 7GB of LTE data per month, and include SMS service to support the ICX35-HWC EtherNet/IP™ SMS function.

Plans are offered in one-, two-, or three-year intervals with the convenience of a one-time purchase order. Some plans are available with static public IP addresses to allow direct access to the gateway from the Internet.
